Department of English

‘Seminar on Research Methodology’

Report:

As part of the Visiting Faculty Seminar Sessions, the Department of English conducted a seminar for 43 students of III BA on 9th June 2016. Prof. Dr. Mathew Joseph, Retired Vice Principal and Head of the Dept. of English, St. Thomas College, Pala was the resource person. The session was devoted to the introduction of Research Methodology from 10.00 am to 1.00 pm.

The session started with a prayer and Mr. Bineesh Joseph, Assistant Professor, welcomed the resource person and the audience. According to Prof. Dr. Mathew Joseph, Research methodology is the specific procedures or techniques used to identify, select, process, and analyze information about a topic. In a research paper, the methodology section allows the reader to critically evaluate a study's overall validity and reliability

Dr. Mathew Joseph explained, Research methodology simply refers to the

practical “how” of any given piece of research. The methodology chapter should justify the design choices, by showing that the chosen methods and techniques are the best fit for the research aims and objectives, and will provide valid and reliable results. A good research methodology provides scientifically sound findings, whereas a poor methodology doesn't.

Dr. Mathew Joseph highlighted that Research in common refers to a search for knowledge. One can also define research as a scientific and systematic search for pertinent information on a specific topic. In fact, research is an art of scientific investigation, he said. The session was concluded with an interactive session. The session came to an end by 1.00 pm with Mr. Abhijith K Divakar, Head of the Department of English, proposing the vote of thanks.
