Department of English

'Seminar on Research Methodology'

Report:

As part of the Visiting Faculty Seminar Sessions, the Department of English conducted a seminar for II MA on 22th July 2019. Prof. T.R.S Iyer, Former Professor, St. Thomas College, Pala was the resource person. The session was devoted to the detailed study of Research Methodology from 10.00 am to 1.00 pm.

The session started with a prayer and Ms. Sajely Ann Kuriakose, Assistant Professor, welcomed the resource person and the audience. According to Prof. T.R.S Iyer, more than a set of skills, research methodology is a way of thinking: examining critically the various aspects of your professional work. It is a habit of questioning what you do, and a systematic examination of the observed information to find answers with a view to instituting appropriate changes for a more effective professional service.

T.R.S Iyer explained, when you say that you are undertaking a research study to find answers to a question, you are implying that the process;is being undertaken within a framework of a set of philosophies (approaches); ses procedures, methods and techniques that have been tested for their validity and reliability; is designed to be unbiased and objective . According to him the difference between research and non-research activity is, in the way we find answers.

The session was concluded with an interactive session. The session came to an end by 1.00 pm with Mr. Abhijith K Divakar, Head of the Department of English, proposing the vote of thanks.
