Department of English

‘Seminar on Research Methodology’

Report:

As part of the Visiting Faculty Seminar Sessions, the Department of English conducted a seminar for II MA on 21st June 2017. Prof. T.R.S Iyer, Former Professor, St. Thomas College, Pala was the resource person. The session was devoted to the detailed study of Research Methodology from 10.00 am to 1.00 pm.

The session started with a prayer and Ms. Jyothitha Joseph, Assistant Professor, welcomed the resource person and the audience. According to Prof. T.R.S Iyer, Research is an academic activity and as such the term should be used in a technical sense.

T.R.S Iyer explained, Research is an intellectual activity. It is responsible for bringing to light new knowledge. It is also responsible for correcting the present mistakes, removing existing misconceptions and adding new learning to the existing

fund of knowledge. Researches are considered as a combination of those activities which are removed from day to day life and are pursued by those persons who are gifted in intellect and sincere in pursuit of knowledge. But it is not correct to say that the research is restricted to such type of persons, however, it is correct to say that major contribution of research comes from highly gifted and committed workers. Thus the research is not at all mysterious and is carried on by hundreds of thousands of average individuals.

The session was concluded with an interactive session. The session came to an end by 1.00 pm with Mr. Abhijith K Divakar, Head of the Department of English, proposing the vote of thanks.
